

Launch of new packaging for 15/50 mL Conical Tubes

We would like to inform you that the packaging for some Eppendorf Conical Tubes 15 mL and 50 mL variants will be changed.

There will be a new and more robust packaging to maintain product quality and purity during transport and storage.

As for most products the number of tubes per sales units is changed, we will introduce new article numbers.

<p>Which product is launched?</p>	<p>The packaging for 15 mL and 50 mL Conical Tubes will be optimized.</p> <p>The new packaging will also accelerate production, allowing us to process the backlog more quickly and restore delivery readiness.</p> <p>Changes:</p> <ul style="list-style-type: none"> • Order/article numbers will be changed. • Number of tubes per bag/pack changes for some variants • Number of tubes per Sales Unit changes for some variants • In case the number of tubes per Sales Unit changes, there will be a linear price adjustment based on the number of tubes per package. • The price per tube remains unchanged <p>We hereby confirm that the Tubes are not affected by the change of packaging. The tube specifications, quality and purity tests are unchanged, and all supplied certificates remain valid.</p>
<p>From when available/deliverable/orderable?</p>	<p>New article numbers are orderable from today. Availability from EDC is listed in the file below.</p>
<p>Date of cessation of sales or sales up to stock depletion?</p>	<p>No more stock expected for 1st of June for old article numbers.</p> <p>Please note that some of the current delivery problems of the conical tubes are expected to last until the change of packaging. Therefore, please try to transfer customers to the new articles as soon as possible.</p>
